

360 DRONE EXPERIENCE™ PRODUCT GUIDE

360 DRONE EXPERIENCE™

Next level 360 technology. Not only will this tiny, super safe, 8-ounce drone be the main attraction at your event, it produces some of the most amazing shareable video content with your branding or messaging. Utilizing state-of-the-art Ai tracking ensures that your guests are the center of the action. The fun and cool factor are turned all the way up!

THE WOW FACTOR

- Dazzling shareable videos with branding
- Super high tech
- Easy, fun, and attention grabbing
- Shareable videos available within seconds (sharing station)

AUTONOMOUS AND SAFE

- 8 ounce (<249g)
- Propeller guards
- Ai start tracking
- Thousands of hours of flying
- 100x safer than alternative solutions

LICENSED AND INSURED PILOTS

Even though the 360 Drone Experience is 100% safe and autonomous, we have experts on hand to ensure a perfect, fun, safe experience. We have performed thousands of hours of 100% safe flying in nearly all environments.

VERSATILE FOR NEARLY ANY EVENT

- Short events, multi-day events
- Perfect for large and small groups
- 360 Drone Experience is primarily meant for indoor use

VIDEO SHARING STATION

After guests exit the 360 Drone Experience, they will be directed to the sharing station (iPad kiosk station) to see their amazing video footage edited with slow-mo, fast-mo, reverse, overlays, sparkles, or other fun effects. They will then be able to send the video to themselves and share with others. Fun and easy peasy!

PRICING

Starting at \$9,500
