MIRROR MOSAICS™

Jump. Wave. Dance. Watch how the Mirror Mosaic transforms your every movement in real-time. Mirror Mosaics take a collection of images provided by you or Picture Mosaics to create a mosaic “mirror” using any digital display. Whether catching your guests by surprise, or being the centerpiece of your event, this high tech mirror is sure to engage your attendees. Mirror Mosaics can be set up horizontally or vertically.

KEY FEATURES:

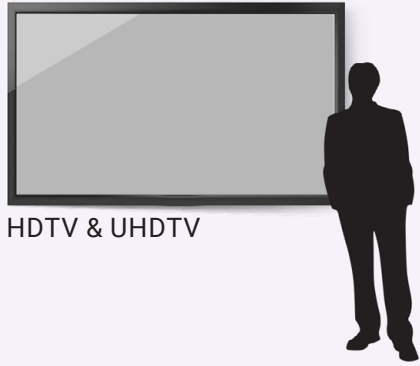

- Real-time photo mosaic transformation (<0.5 sec delay)
- True color and shape matching
- Use your own photo library or leverage any number of stock photo libraries
- Horizontal or vertical displays supported
- Logo and image display options when the Mirror Mosaic is idle
- Add MosaicMe prints or digital takeaways for a lasting impression
- Enhanced social sharing options
