

LIVE PRINT MOSAICS® the #1 photo mosaic wall experience

FEATURE GUIDE

Existing Wall

Any flat, pre-existing wall can be used to display the mosaic with help from REMO strips or VHB adhesive. Perfect for semi-permanent or permanent installations, indoors and out.

Pop-up Accordion Wall

This tradeshow style pop-up wall allows for easy setup in indoors spaces. It is ultra-light and has been re-designed to have supports exactly where the mosaic grid panels align for easy mounting. Typical size: 117" x 88"

Block Structure

Not a usable wall in sight? This sturdy structure uses interlocking blocks to create a brand new wall. Assembled on-site in about 45 minutes. Great for indoor and outdoor events when wind is less than 10 mph.

MOSAIC SIZE

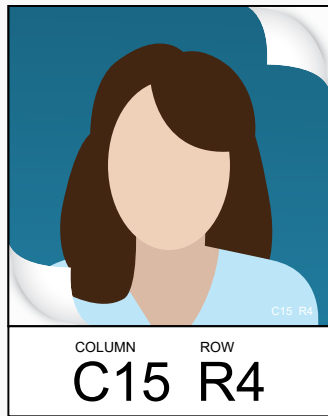

CELL SIZE

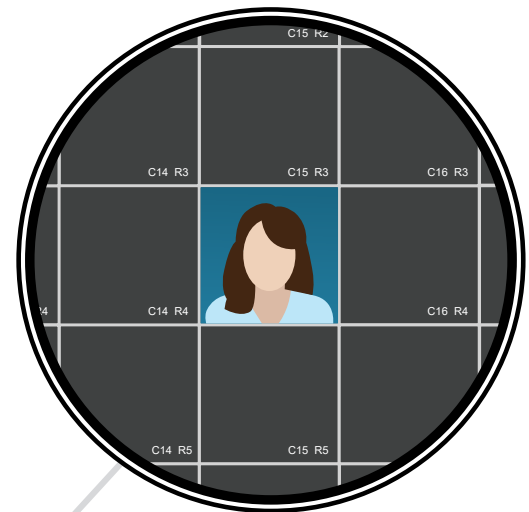

For Placement in Mosaic

This patent pending photo placement system is the first of its kind. It allows guests to easily place their own photos due to the large column and row information placed beneath, rather than on the photo itself.

Guest Takeaway (optional)

Shareable Digital Takeaway (optional)

Gator Board

Tougher than standard foam core board - dent, bend, and crush resistant. Ultralight construction makes Gator Board easy to transport to your event. For larger mosaics, the backdrop is printed in panels and simply hung side by side. The grid surface is precision printed with row and column numbers for easy photo placement.

Vinyl Banner

A single sheet of durable, 13 oz. matte vinyl. Just unroll it and start building your mosaic. Hanging is easy with grommets, pole pockets, or hemmed edges. The grid surface is precision printed with row and column numbers for easy photo placement.

Photographer (iPad/DSLR)

An onsite brand ambassador or photographer can engage the event guests to take part in the activation by using a DSLR camera or our award-winning app on an iPad Pro*.

Optional data collection (name, email, T&Cs, etc)

QR Code

Guests can scan a QR code to submit selfies or select a favorite photo from their device (optional). Printed signage onsite makes scanning the QR code quick and easy. An optional link can be sent to attendees in addition to a QR code.

Optional data collection (name, email, T&Cs, etc)

Simple Luma Booth

A super simple self-standing iPad lets guests pose and take their own photos. This self-service standing option is easy to set up and comes with a tone perfect luma light.

Optional data collection (name, email, T&Cs, etc)

Hashtag + Social

Guests can post a photo on Instagram and Twitter using a specific hashtag. Hashtagged photos are pulled in real-time. Social media posts must be public to pull into the system. This option can help create buzz as a supplement to other submission options.

Be sure to read:

*The **MosaiCapture** App is available for iPad and iPhone in the App Store

Prize Locations

If a guest's photo lands on a prize location, they win! Prizes can include gift cards, iPads, Apple TV, and more. Prize locations can be chosen at random, targeted, or evenly timed throughout the event.

AR or Green Screen Background Replacement

For extra excitement, guests can select a background for their photo that fits the color spectrum of the mosaic. Backgrounds can be replaced on the fly using AR technology or with the use of a greenscreen. Each background can be customized with your branding.

Live-synced Online Mosaic Microsite

Want to share your mosaic with those who couldn't make it to the event? Not a problem. We have two online platforms with extensive sharing, search, and interactive capabilities.

Social Sharing Enhancements

Give your guests a branded, digital version of their photo and the mosaic they can share online. After their photo is submitted, they can receive an [email or text message](#) with options to share through Facebook, Twitter, and more. Boomerang gif option available ([example](#)).

Branded Photo Takeaways

Never let them leave empty-handed. An instant, branded takeaway of each guest's photo reminds them of their experience at your event. Print and digital shareable options available.

MosaicMe Takeaways

Turn each guest's photo into its own mosaic - instantly! Designed with your custom branding, it'll give them something to remember you by. Print and digital shareable options available.
