

Lease and Purchase Opportunities

Key Features and Info

- The full system allows your company to activate a Live Print Mosaic without any onsite techs from Picture Mosaics
- System configuration is tested and simulated for each event to create the most optimal TRUE mosaic, with minimal color filters or colorization
- Adhesive photo tiles with patent pending row & column print segmented system
- Each event is supported with an optimized configuration file, ink, adhesive segmented photo media, and mosaic grid surface
- Multiple submission options available: photo capture app (iPad), photo booth, hashtags
- System fully configured with local network (included) and option cloud access for hashtag moderation and aggregation

One-time system costs.....\$10,000/\$12,500/\$20,000
